POSITION OF

CITY MANAGER

The Community

El Paso de Robles, or “The Pass of the Oaks,” is located halfway between San Francisco and Los Angeles, in San Luis Obispo County. Paso Robles is surrounded by scenic rolling hills and California’s premier wine regions and is only 27 miles from beautiful beaches. This thriving community of over 30,000 actively engaged citizens possesses the benefits of a suburban-rural community while retaining a small-town feel and is one of California’s best kept secrets. With over 200 wineries nearby and a

bustling downtown with a variety of excellent restaurants and specialty retail, Paso Robles is fast becoming one of the most desirable and yet relatively affordable places to live, work, and play.

The City of Paso Robles has a long history with both wine and healing waters. Travel and Leisure magazine rated Paso Robles as one of the “25 Top Places to Visit for the Holidays”. Other accolades for Paso Robles include “America’s Healthiest Small Towns,” “Best Small Main Street Towns in America,” “America’s Happiest Cities,” “Best Food and Wine Festivals,” “Winery of the Year” (Tablas Creek, Justin), and “Brewery of the Year” (Firestone Walker Brewing, multiple times) among others. As these honors attest, Paso Robles and the Central Coast offer an unparalleled quality of life.

The City understands the importance of business development and works hard to attract commerce in a diverse array of industries. The economic outlook for Paso Robles continues to be strong. The housing market is robust and offers a wide array of housing choices including new neighborhoods, houses with acreage, infill, and charming Victorian homes, with a median home price of about \$550,000. Paso Robles also has excellent schools, both public and private. Approximately half an hour away is the nationally ranked Cal Poly in San Luis Obispo, and within the City

of Paso Robles is accredited Cuesta College (North County Campus).

The Position and Ideal Candidate

The City of Paso Robles is looking for an experienced and visionary City Manager to lead the City forward into an exciting future with tremendous opportunities.

Given the uncertain financial situation that the City will be in post-COVID, securing the City's long-term financial future will be of paramount importance for this role. The City acted proactively early in the pandemic to save money, and voters approved a one-cent general sales tax measure in November that will be in effect for 12 years unless ended sooner by voters. Moving forward, there will be continued

challenges with unfunded liabilities and uncertainty regarding revenue levels during and post-pandemic. The new City Manager will need to be a highly strategic thinker to help the City navigate this challenging landscape with limited resources while still delivering high quality services and tackling the long-term needs of the City. They will understand the City and its issues and opportunities.

Establishing a strong and effective working relationship with the City Council and developing and maintaining a positive connection with the community are also critical to this role. The City Manager will maintain a proactive and regular dialogue with the Council to ensure they are in "lock step" with the strategic and operational direction of the Council and community. The City Manager is also expected to provide guidance and operational recommendations towards efficient city operations. In order to ensure an effective relationship with the City Council, the new City Manager must establish relationships with all Councilmembers and ensure that all of them are treated equally.

This position will require a strategic forward thinker and creative problem solver with a positive, energetic, "get-it-done" spirit, and a hands-on leadership style based on engagement, empowerment, accountability, and results. An innovative, "fresh-thinker" who can bring forth creative approaches and new ideas would provide a positive spark and a sense of spirit and vitality to the City. The successful candidate will be an active, engaged manager and a relationship builder with a value system based on transparency, ethics, integrity, diversity, and a personal approach that engenders high levels of trust and confidence. They will be expected to foster a culture of collaboration across the organization and build an executive team that reflects that mission. Additionally, the new City Manager will be highly committed to staff development and a culture of mentorship.

The new City Manager will be a dedicated and proven public servant with strong financial, management, and administration skills. Excellent written and verbal communication and effective presentation skills are expected in this role. A background that includes seven or more years of staff management, including previous experience as a City Manager, Assistant/Deputy City Manager or public sector executive in a complex organization is required for this position. A BS/BA in a related field is required and a MS/MA is highly desired.
